ABOUT *WIT & WISDOM*

Wit & Wisdom® is a Kindergarten through Grade 8 English language arts (ELA) curriculum created by Great Minds. Founded in 2007, Great Minds PBC has evolved from an education advocacy start-up to a respected curriculum developer providing the highest quality materials and professional development to schools and districts nationwide. In pursuit of its goal to raise expectations for every student, Great Minds enlists educators to write curricula that use proven learning strategies to reward students' natural curiosity, build knowledge, and cultivate lifelong critical-thinking skills. Writing teams collaborate to ensure a consistent structure and vision for learning within and across all grade levels.

With *Wit & Wisdom*, every text a student explores is authentic and of the highest quality. Students use these texts at every turn—to learn, and eventually master, essential reading, writing, speaking, listening, grammar, and vocabulary skills. All students read and discuss grade-level texts, and the curriculum includes suggestions for supporting this learning at key moments in the lessons.

Wit & Wisdom is composed of four modules per grade level. Each artfully explores a specific topic to develop depth of understanding and inspire curiosity. Modules build students' knowledge of important topics in the arts, science, and social studies through the use of diverse and culturally relevant texts. The core of each module is a selection of literary works, informational texts, and visual art. Modules are made up of approximately 30 lessons that are covered in six to eight weeks. All modules integrate reading, writing, speaking, listening, and language instruction.

Wit & Wisdom was intentionally designed to be implemented alongside a high-quality, research-based foundational skills program therefore the majority of the foundational skills standards will fall into this category. With strategic placement of supplemental materials, students can be successful in achieving the proficiencies of the South Carolina College- and Career-Ready English Language Arts Standards while benefiting from the rich texts and knowledge building of *Wit & Wisdom*. For more information on *Wit & Wisdom*'s alignment to the science of reading, please see [The Science of Reading and *Wit & Wisdom*](#) and [Examining Scarborough's Rope: Background Knowledge](#). A detailed analysis of the alignment between the South Carolina College- and Career-Ready English Language Arts Standards and *Wit & Wisdom* is provided in the table on the pages that follow this introduction.

Overarching Expectations (OE) – Grade 5

South Carolina Standards	Aligned Components of <i>Wit & Wisdom</i>
<p>ELA.5.OE.1</p> <p>Read and write for a variety of purposes, including academic and personal, for extended periods of time.</p>	<p>Grade 5 Modules 1-4</p> <p><i>Wit & Wisdom</i> considers this standard a Continuing Standard. Because it is fundamental to the learning design, it is addressed continually across all lessons and modules.</p> <p><i>Wit & Wisdom</i> equips students with a flexible yet predictable process for deep reading of complex texts. A stage-based design comprised of Content Stages and Content Framing Questions guide students’ daily work of encountering, understanding, and analyzing complex text. The predictable structure of the Content Stages is applied to all types of texts –literary, informational, visual, and auditory. This progression consists of five Content Stages: Wonder, Organize, Reveal, Distill, and Know. Each lesson begins and ends with a corresponding Content Framing Question that functions as an umbrella for the text-dependent tasks and questions in the lesson. Framing each lesson with a familiar question helps students build the repeatable habits of mind that experienced readers use across all content areas to understand challenging new texts. The discussions, text-dependent tasks, and TDQs within each Content Stage serve a distinct purpose, illuminating key close reading habits.</p> <p><i>Wit & Wisdom</i> averages at least twenty minutes of writing per lesson. Through explicit learning-to-write instruction, teachers gradually release responsibility for a specific writing strategy through a series of lessons. As with the Content Stages for reading comprehension, one or more Craft Stages shapes each writing lesson. This Craft Stage progression consists of five Examine, Experiment, Execute, Excel. In arcs of writing lessons, students begin by examining high-quality exemplars of the taught craft. Then they receive progressive direct instruction in the skills necessary to practice and master the craft. As is true with the Content Stages, <i>Wit & Wisdom</i> delineates each Craft Stage with a Craft Question.</p>
