

Kansas House Bill 2662

The Parents Bill of Rights and Transparency Act

Great Minds® is the creator of *Wit & Wisdom*®, a highly rated English language arts curriculum and *Eureka Math*^{2™}, the successor to the most widely implemented math curriculum in public school districts across the country.

Great Minds unequivocally affirms that neither the *Wit & Wisdom* curriculum and core texts nor the *Eureka Math*² curriculum contain any material that could be deemed “harmful to a minor” which is defined as that quality of any description, exhibition, presentation or representation, in whatever form, of nudity, sexual conduct, sexual excitement or sadomasochistic abuse when the material or performance, taken as a whole or, that portion of the material that was actually exposed to the view of minors, has the following characteristics:

- (A) the average adult person applying contemporary community standards would find that the material or performance has a predominant tendency to appeal to a prurient interest in sex to minors;
- (B) the average adult person applying contemporary community standards would find that the material or performance depicts or describes nudity, sexual conduct, sexual excitement or sadomasochistic abuse in a manner that is patently offensive to prevailing standards in the adult community with respect to what is suitable for minors; and
- (C) a reasonable person would find that the material or performance lacks serious literary, scientific, educational, artistic or political value for minors.
