Y1 Teacher Session V: 60 mins ***Lesson Internalization***

Session Objectives

By the end of this session, participants will accomplish the following:

- Describe the student impact of each stage of the lesson internalization process
- Make connections between an exemplar lesson internalization for Module 1 Lesson 1, the process, and the student impact
- Explain how the lesson internalization and the lesson itself achieve the math RBIS

Component	Activities
Overview	<ul style="list-style-type: none"> • Norms and learning objectives of this session
Lesson Internalization Protocol	<ul style="list-style-type: none"> • Review the Lesson Internalization protocol to prepare for a Eureka Math lesson
Internalize Module 1 Lesson 1	<ul style="list-style-type: none"> • Participants internalize the first lesson
Debrief	<ul style="list-style-type: none"> • Participants will reflect on how the lesson internalization protocol will impact their instruction with students
